WELCOME

The Outdoor Adventure Program is an organized outfitter that allows you to sit back, relax and let us do all the planning for you. We have dozens of activities that are exciting, challenging and educational. OAP provides leadership, information and educational experiences for many trips each month. We offer a great venue to meet new people while enjoying nature. Many participants have developed friendships that have lasted well after the trip is over. All outings, unless otherwise specified, are suitable for beginners.

MISSION

Our mission at Outdoor Recreation is to provide safe, expertly managed recreational programs that foster family and individual well-being, unit cohesion and physical fitness. Our vision is to have a professionally trained staff to provide single point access to information, equipment and a diverse environmentally sound program that showcases local natural resources. We want to introduce people to the diversity, values and benefits of outdoor recreation activities and teach appropriate attitudes, behaviors and skills for these activities.

Y VOLUNTEER WITH US

BECOME A TRIP GUIDE \ LEADER \ DRIVER

Travis Outdoor Adventure Program Guides + Leaders consist of a society of diverse outdoor enthusiasts' in the Travis Air Force Base Community. Volunteers combine strong leadership and expertise to professionally guide and instruct patrons in a variety of organized outdoor activities. Hard work, dedication, desire to better programs, continued learning and the unfathomable desire to respect and enjoy nature's playground.

For information on becoming a guide, contact the OAP Adventure Program Director at (707) 424-0499 or (707) 424-0969.

OUR PHILOSOPHY

What you can expect from OAP

An environment free from discrimination, including: race, gender, religion, sexual orientation, creed, national origin, age, disability or social economic background.

A supportive learning environment, free from physical or verbal harassment.

Real life challenges and meaningful learning experiences.

We will inform you of risks and anticipated curriculum, but it must be understood that any activity comes with hazards and dangers that are not always anticipated. It should also be understood that unanticipated situations do occur and expectations are not always met. We try to do everything in our power to make this a great, meaningful experience for you.

What we expect of you

In order to maintain high safety standards, all participants are to comply with Outdoor Recreation's policies and procedures explained by our leaders.

A clear head is important to ensure actions are essential for safety and the success of each trip. Drugs and alcohol on any outing are against Outdoor Recreation Policy.

You are a full member of a team meaning that we depend on each other for safety. In case of an emergency; and because we work in remote areas we may request and expect your assistance.

Participants should respect the fragile wilderness areas we use.

Violation of these principles may result in expulsion. If you are asked to leave a trip because of misconduct, you will forfeit trip fees and receive a charge for evacuation from the backcountry.

PRE-TRIP MEETINGS

Pre-trip meetings are mandatory for all participants on selected OAP outings. Pre-trip meetings are scheduled up to one week before the trip depending upon the trip you sign-up for. We gather for pre-trip meetings to meet other participants and to get all the information necessary for your trip. You will be unable to participate in the outing if you do not attend this meeting. Attendance is to ensure you are well prepared for the outing.

SIGN-UP INFORMATION

To sign up for any of Outdoor Recreation's trips or tours just come into Outdoor Recreation. Sign ups are taken up to two days prior to the departure of the trip. We will only accept late registration on a case-by-case basis. Sign ups for our trips are on a first-come first-serve basis and must be paid in full to reserve your spot. Some trips fill up quickly so please plan accordingly. When trips do not meet the minimum participation, trips will be cancelled, please sign up well in advance. Most Outdoor Adventure Program outings and ITT trips are for ages 6+ and some have age requirements; please check before registering.

REFUND POLICY

If the outing is cancelled by Outdoor Recreation a refund will be offered to all who are signed up. If you are unable to attend the outing as planned and would like a refund, you must cancel 48 hours prior to the "sign up by" date. Cancelling any later than this time will result in forfeiture of your trip fees, however, there is a chance that you can sell your spot to someone else. If a refund is rewarded, you have 30 days
